

Vienna Food Action Plan

from consumers ' perspective

The Vienna Food Action Plan

Adopted by the Vienna Provincial Parliament in 2020

- is the local counterpart of European Union's *Farm to Fork Strategy*
- sets out a clear commitment to high-quality, healthy und sustainable food
- consideration of social, ethic and environmental issues along the whole food chain
- strengthens behaviour and procedures, which have the least possible negative impacts of human beings, animals, environment and the climate
- take the needs of future generations into account
- specific measures are performed in seven fields of action

Vienna Food Action Plan
